

DEPARTMENT OF PSYCHOLOGY

COLLEGE OF ARTS AND SCIENCES

BACHELOR OF SCIENCE IN PSYCHOLOGY

The program aims to provide students with solid basic and practical knowledge in Psychology, with additional preparation in the natural sciences, enabling them to respond to the needs of society in promoting optimal functioning and well-being, through basic and applied research, education, and interventions. Students are prepared for licensure as psychometricians and careers in human resources, organizational development, research, marketing, and community development. Necessary requirements for higher studies in Psychology, Medicine, Health, and Education are also provided in the program.

BS Psychology, Pre-Medicine Track

The track offers additional electives in natural sciences in preparation for advanced studies in medicine or other health-related fields.

BS Psychology, minor in Early Childhood Education

The track offers additional focus on the development of socio-emotional and academic needs of young children, and the creation of optimal nurturing environment conducive for learning.

BACHELOR OF SCIENCE IN PSYCHOLOGY

Why study BS Psychology in Miriam College?

- Emphasis on the integration of basic foundational knowledge with experiential learning opportunities
- Strong groundwork for advanced studies in medicine and other health-related fields
- Exposure to national and international opportunities through conferences, presentation of research papers, and exchange programs
- Opportunities for social involvement and personal growth through sub-programs that promote community-extension services ("Padayon"), college community well-being ("Pamati"), student-faculty training and collaboration ("Talasan"), and academic, cultural, and social partnerships ("Ugnayan")
- Roster of faculty who are experienced practitioners and experts in their respective areas of specialization
- Vibrant college community that fosters camaraderie and a supportive family-like atmosphere

"Padayon" is a Visayan term that means "continuing on"; "Pamati" is a Waray/Visayan term that means "to listen"; "Talasan" is a Tagalog term that means "to sharpen"; "Ugnayan" is a Tagalog term that means "relationship"

The Miriam College Department of Psychology is a dynamically engaged community, grounded in Filipino local knowledge and Miriam College spirituality and core values. It is informed by global perspectives, trends, and practices that transform its members to reach their optimal potential for service towards nation building and social transformation.

The College of Arts and Sciences students, faculty, and staff, grounded in Miriam College spirituality, are leaders and advocates of truth, social justice, gender equality and women's empowerment, ecological integrity, and peace.
